

ST. MARY'S + YOU = AN EXCEPTIONAL TEAM FOR **BABIES**

l to r: Hotel-quality rooms for all phases of delivery; support groups for moms and babies; excellent staff dedicated to caring for the whole family

As a mother-to-be, you know what matters most when it's time to deliver your baby: Compassionate doctors and nurses. Safety and comfort. State-of-the-art technology. Peaceful surroundings.

At St. Mary's, we provide everything you'll want. Our medical staff is exceptional. All our **Family Birth Center** nurses are certified in adult and neonatal resuscitation, and 13 are nationally certified in intrapartum care. Our private LDRP suites allow you to complete all phases of childbirth in one beautiful room. And you will feel secure knowing our dedicated women's surgical suite and Neonatal Intensive Care Unit are just a few steps away if needed.
