

“ St. Mary’s is
my hospital
of choice. ”

Hip pain was keeping Janie Bush from doing the things she loved most. So, she decided to have surgery. As a national leader in knee and hip replacements, St. Mary’s was an easy choice.

Now, Janie is living at full speed – enjoying yoga, playing with grandchildren, Pilates, bicycling and especially gardening. “It is so wonderful to be able to do the things I love again. St. Mary’s is the best!”
