

Professional staff; high-tech diagnostics and treatments; hotel-quality rooms with private baths

# ST. MARY'S + YOU = AN EXCEPTIONAL TEAM FOR **SLEEP**

A sleep disorder is more than loud snoring. It can make you drowsy and depressed. It can cause you to fall asleep at work or while driving. It can damage your heart.

St. Mary's accredited **Sleep Disorders Center** can help diagnose dozens of sleep-related conditions. Our center unites compassionate staff with state-of-the-art equipment, the comfort of eight private bed-and-bath suites and the convenience of free front door parking for a 5-star experience. We accept most major forms of insurance, including Medicare and Medicaid. Rest easier with St. Mary's Sleep Disorders Center.

2470 Daniells Bridge Road, just off Ga. 316 between Loop 10 and the Oconee Connector
